83"x20' Quality Steel & Aluminum 8320ALEH10K Utility

Built for strength, reliability, and versatility, the Quality Steel and Aluminum 8320ALEH10K utility trailer is designed to handle demanding jobs with ease. Its robust steel frame and aluminum features provide a perfect balance of durability and reduced weight, making it an excellent choice for hauling equipment, vehicles, or materials. With heavy-duty construction and premium components, this trailer is ready to perform on worksites, farms, or for recreational use.

Key Features:

8.5' x 20' deck size for maximum hauling capacity

10,000 lb GVWR for handling heavy loads

Dual 5,200 lb axles with brakes for safe and controlled towing

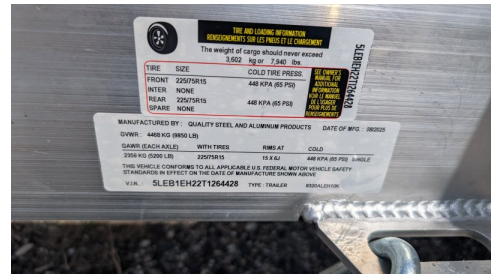

Heavy-duty steel frame with aluminum enhancements for strength and longevity

Stake pockets and rub rails for versatile cargo securement

Pressure-treated wood deck built to withstand tough use
