Make: Doolittle

Model: XT821816K

Color: Black

Width: 82" **Length:** 18'

GVWR: 16K

ADDITIONAL DETAILS: Weight: 2,950, Axles: 2, Pull Type: Bumper, Construction: Steel

82"x18' Doolittle XT821816K Equipment

The Doolittle XT821816K is a powerhouse of a trailer, engineered for those who need a reliable, heavy-duty solution for hauling serious machinery. With an 82" wide by 18' long deck and a massive 16,000 lb. GVWR, this Xtreme series model is built to handle everything from heavy skid steers to tractors without breaking a sweat. It sits on two 8,000 lb. axles equipped with electric brakes, ensuring you have the stopping power necessary for maximum payloads.

What really sets this trailer apart are the professional-grade touches Doolittle is known for. You'll find a massive "Mammoth" lockable toolbox on the tongue for secure gear storage, and the 5' Xtreme Duty stand-up ramps make loading even the heaviest equipment a breeze. The frame is reinforced with 16" on-center crossmembers and finished with a durable, acid-etched phosphate wash and acrylic enamel paint to fight off rust. Details like the LED lighting (backed by a lifetime warranty), heavy-duty Jeep-style fenders with built-in steps, and radial tires mean this isn't just a workhorse—it's a piece of equipment designed to last through years of demanding use.
