### 6'x16' Delta 6 X 16 Livestock

The 500 ES is a tough, entry-level stock trailer designed for reliability. Structurally, it's built with a 2 x 3 angle frame, a 3" channel tongue, and 2 x 2 angle crossmembers on 16" centers, all sitting on a 2" pressure-treated pine floor. It's rated for a robust G.V.W.R. of 7,000, thanks to the Tandem 3,500 AXLES and Dexter Eye-to-Eye Springs SUSPENSION. It rolls on 15" Radial TIRES and 6-bolt WHEELS, and comes with Electric brakes. In terms of features, it has 48" high embossed, 16 gauge SIDES with an 18 gauge Metal ROOF, a Standard Aerodynamic Front NOSE CAP, and a Deluxe Aluminum Diamondplate GRAVEL GUARD. For stock handling, you get a Standard Escape Door, a Standard Full Swing REAR DOOR with a 1/2 Slider, and a Standard CENTER GATE with a spring-loaded slam latch. For safety, it includes a Spare Carrier, D.O.T. EXTERIOR LIGHTS, a 7-Way RV Style ELECTRIC PLUG, and an Emergency Breakaway switch & battery backup, secured by 3/8" Heavy Duty with Safety Latch Hooks SAFETY CHAINS.

Delta finishes the trailer with care: a 3-Step Acid Washed with Phosphorus Solution PRE-PREP, a Rust Resistant Epoxy PRIMER, and a Baked-on High Solid Urethane PAINT, ensuring it's built to last.
