### 82"x12' Quality Steel & Aluminum Utility

The Quality Steel and Aluminum 8212ALS3.5KSA is built for durability, convenience, and everyday hauling. Whether you're transporting lawn equipment, ATVs, building materials, or general cargo, this trailer delivers the strength you need in a lightweight, easy-to-tow package.

This utility trailer features an aluminum frame that resists rust and corrosion, ensuring long-lasting performance and reduced maintenance compared to steel-only trailers. Its single 3,500 lb. axle provides a reliable hauling capacity, while the slip-resistant decking offers a secure surface for loading and transport. With its rear ramp gate, loading and unloading equipment is simple and efficient.

Additional features include a durable coupler with safety chains, LED lighting for enhanced visibility, and a sturdy tongue jack for easy hitching. The combination of rugged design and lightweight construction makes this trailer a versatile choice for homeowners, landscapers, and outdoor enthusiasts alike.

**Key Features:**

Lightweight aluminum frame with steel reinforcements

Single 3,500 lb. axle for reliable hauling

Rear ramp gate for easy loading and unloading

Slip-resistant deck surface

LED lighting package...
