### 77"x12' Lamar DM771225 Dump

The Lamar DM771225 is a rugged, mid-sized dump trailer that strikes a sweet spot for both contractors and serious homeowners who need to haul heavy without the bulk of a massive commercial rig. It sits on a 77-inch wide by 12-foot long bed with a 9,990 lb GVWR, giving you a solid payload capacity of over 7,300 lbs? plenty of muscle for gravel, mulch, or even a skid steer. It?s built on a sturdy 5-inch channel frame and usually comes equipped with a scissor hoist system, which provides a much more stable and powerful lift than single-piston setups. With standard features like slide-in ramps, a tarp kit, and a low-profile deck that makes loading equipment effortless, it?s basically a turnkey workhorse that looks sharp in Lamar?s signature charcoal powder coat.
