

102"x24' Lamar Equipment

\$11,109

Stock #: 11615

VIN: 5RVBH2421TP152931

Category: Equipment

Cond.: New

Year: 2026

Make: Lamar

Model: H8022428

Color: LAMAR GRAY

Width: 102" **Length:** 24'

GVWR: 16K

ADDITIONAL DETAILS: Weight: 4,720, Axles: 2, Pull Type: Bumper, Construction: Steel

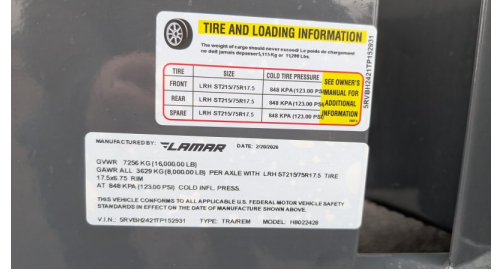

102"x24' Lamar H8022428 Equipment

The Lamar H8022428 is a powerhouse 102" x 24' equipment hauler built for those who need maximum deck space and a serious 16,000 lb GVWR. Part of the rugged H8 series, it's constructed on a heavy-duty 8" channel frame and tongue, providing the structural integrity needed for hauling heavy machinery, tractors, or "buggy" style off-roaders. What really sets this model apart is the 102" wide deck?thanks to the diamond plate drive-over fenders?allowing you to utilize every inch of width for wider loads that wouldn't fit between the fenders of a standard trailer.

For smooth loading, it features a 2-foot dovetail paired with heavy-duty stand-up or slide-in ramps, ensuring a manageable incline for even the heaviest equipment. Underneath, it's equipped with two 8,000 lb EZ-Lube axles and electric brakes, rolling on high-capacity 16-ply tires for added peace of mind on long hauls. Details like the 2-5/16" adjustable cast coupler, a 10k drop-leg jack, and the signature cold-weather wiring harness make it clear this trailer is built for professional, year-round use. Finished with a durable powder coat and topped with treated yellow pine flooring, it's a reliable workhorse that's ready for the toughest jobs you can throw at it.
