**GVWR:** 10K

**ADDITIONAL DETAILS:** Height: 8', Weight: 3,400, Axles: 2, Pull Type: Bumper, Construction: Steel

8' 6"x22' Rock Solid Cargo 8.5 X 22 TA Enclosed Cargo

This 8.5 x 22 TA Rock Solid Enclosed Cargo Trailer is a top-tier, custom-built unit designed to handle everything from professional racing to high-end mobile workspace needs. Built on a massive 8" steel tube main frame with 16" on-center roof bows, this trailer offers a level of structural integrity that far exceeds your standard hauler.

### Enhanced Build & Exterior

The exterior features a White .080 Polycore skin that is semi-screwless (screwed at seams only) for a much cleaner, flatter look that resists warping. To give you more head-room and clearance for larger equipment, we added 18" of additional height, paired with an oversized 36" x 84" side door.

**Towability:** It features a 60" triple tube extended tongue for better maneuvering and 5200 lb torsion spread axles on 225 radial tires for an incredibly smooth ride.

**Custom Lighting:** We swapped the standard lights for a new style flat rear spoiler with integrated lights and added two 13" lights on the passenger side. It also includes extra marker lights on the top and flashing turn signals above the fenders.

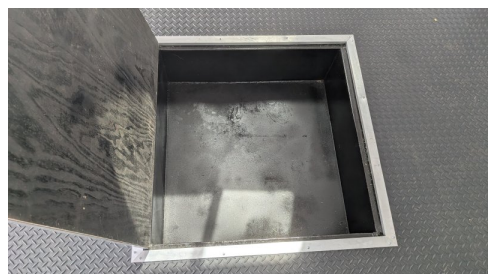

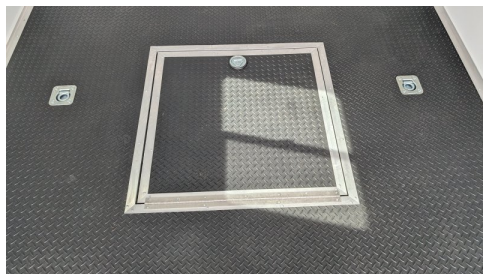

**Premium Extras:** Includes a 5K electric tongue jack, an 18' black awning for outdoor shade, and a spare tire compartment built into the floor in front of the axle.

### The Race Package & Interior Finish

The interior is fully "decked out" with the Race Package, featuring white metal walls and ceiling and ATP (Aluminum Tread Plate) flooring, ramp, and flap.

**Storage:** You get a full set of base and overhead cabinets in the front to keep your gear organized....
