102"x32' Doolittle DO1023225KHYDR Deckover

This 32' Doolittle Brute Force Deckover is built for serious hauling, featuring a massive 25,500 lb. GVWR and a gooseneck configuration for maximum stability under load. The 102" wide deck provides 22' of flat stationary space paired with a 10' hydraulic dovetail, giving you a smooth, versatile loading angle for heavy machinery. It's powered by two 10K axles with dual-wheel setups and rolls on heavy-duty 10-ply tires to ensure it can handle the weight of dozers or tractors with ease. For convenience and organization, this unit comes equipped with dual hydraulic jacks for effortless hitching, two underbody Oxbox toolboxes for side-access storage, and a lockable front toolbox integrated into the neck. Finished with Doolittle's signature 2-component epoxy primer and polyurethane paint, this trailer is designed to stay looking good while working hard in the toughest environments.
