7'x14' Rock Solid Cargo 7 x 14 TA Concession

### 7' INTERIOR HEIGHT

This heavy-duty enclosed trailer is built with a robust 4" steel tube main frame and features 24" on-center spacing for the roof bows, and 16" on floor cross members, and sidewalls for superior strength. It includes a durable 5/8" plywood floor and 3/8" plywood walls, along with a Therma Cool ceiling liner for climate control. Access is convenient through a 36" side door with a flush lock, illuminated by a 12-volt LED dome light. It rides smoothly on 3500 lbs. drop leaf spring axles equipped with electric brakes on both axles and E-Z Lube hubs, all on silver mod wheels with aluminum fenders. Additional features include a 2 5/16" coupler, 24" stone guard, a streamlined V-nose design, and full LED lighting. Inside, 4 floor mount D-rings help secure your cargo, and it connects easily with a 7-way Bargman plug.

This trailer features a sleek and durable exterior with .080 exterior siding, providing a smooth finish with semi-screwless seams for a clean look. The ATP front and rear corners and headers add extra protection and a polished appearance. Enhanced ventilation is provided by 2-way aluminum sidewall vents, ensuring optimal airflow.

Features a striking Black Out Package, highlighted by all black trim and sleek black ATP fenders. It boasts a black stone guard and V-nose for a unified aesthetic, complemented by black ATP stepwells on 8.5' wide models. The look is completed with black barlocks, aluminum wheels with black inlay, and black aluminum side vents, creating a bold and cohesive appearance.

This Concession Trailer Package is designed for efficient roadside sales and service, featuring a practical layout for easy operation. Access is managed through a full-sized 36" x 78" rear side door for seamless entry and exit. The main serving area includes a 3' x 5' concession door positioned 36" above the finished floor and on the center of the passenger side, perfect for customer interaction. The included electrical package ensures you're ready to operate, providing power via a 60 AMP box with a 50 AMP motorbase and a 50 AMP twist-lock cord. Interior illumination is provided by two bright 12" x 12" LED 100-volt lights, controlled by a single switch, and complemented by two conveniently placed receptacles for your essential equipment.
